ROOF COATINGS AND FLEXIBLE POINTING

ROOFBOND

FLEXIBLE POINTING FOR RIDGE CAPS:

Very user friendly, fine finishing flexible pointing for tile ridges. The most user friendly flexible pointing on the market. Roofbond Flexible Pointing has achieved an ease of trowel application and smooth fine finish whilst still maintaining its adhesion and flexibility. Guaranteed for 10 years.

ROOFBOND ROOFING PAINT

A gloss coating with enhanced wet adhesion properties. A strong but flexible membrane with very low water sensitivity and dirt pickup. Guaranteed for 10 years.

ROOFBUILD ROOFING FILM

A new concept in Roof refurbishment. A very high build single colour coat that mimics the "orange peel effect of New concrete tiles. Must be applied by hopper or compressor gun application.

TERRA-BOND

A semi gloss non-whitening clear for Terracotta tiles.

THERMOBOND HRC (Heat Reflective Coating)

Keeps you cool when the heat is on. Thermobond HRC is an innovative heat reflective coating, with huge industrial and commercial potential.

Product List P2

ROOF SEALERS, PRIMERS, FILLERS AND ANTI-MOULD.

FILLABOND:	High build filler for 'filling' pitted tile and fibro roofs and exterior blockwork.
SHIELDSEAL W Plus	Highly penetrating styrene acrylic sealer for over fibro, metal chalky Colourbond and tile roofs.
SHIELDSEAL W	Excellent sealer with enhanced wet adhesion properties for concrete and terracotta tile roofs.
SHIELDSEAL T	Pure liquid acrylic turpentine based sealer with maximum adhesion for over fibro, metal and chalky metal roofs.
RUSTSEAL	Simple but very effective anti-corrosive penetrating sealer and primer. Stronger than Penetrol and Isotrol. Also useful for restoring fibreglass on boats.
RUSTSHIELD T	High grade simple but effective, anti-corrosive sealer/primer incorporating Rustseal and a pure liquid acrylic for rapid dry and longevity.
RUSTSHIELD AL	High grade simple but effective, anti-corrosive sealer/primer incorporating Rustseal, a pure liquid acrylic and aluminum for a silver frost finish.
RUSTSHIELD W	State of the art pure acrylic water based anti-corrosive primer using safe, strontium phosphate pigments for Cathodic protection and mica for barrier protection.
CEMENTSHIELD	Airless sprayable Acrylic/Cement based high build quick cure finish for locking in asbestos fibers and filling old pitted tile roofs.
ROOFBOND MOULDSHIELD C	Economical biodegradable and diluteable high powered cleaner for fibro, terracotta, concrete tile roofs and driveways.
ROOFBOND MOULDSHIELD K	High Power Mould, algae and fungal specific biocide killer.

Product List P3

DRIVEWAY ,PATHWAY AND STENCIL COATINGS

CONCRESHIELD X

Very hard wearing non yellowing single pack solvent acrylic for driveways, slate and sandstone. Available in clear or colours

CONCRESHIELD X 2 PAC

Pure liquid acrylic chemical resistant 2 PAC system for long life wear in commercial settings. Available in clear or colours

SHIELDSEAL X

Pure liquid acrylic solvent based primer/sealer used to re-seal driveways or as a primer for Concreshield. Available in clear

STENCILSHIELD

Permanently flexible high build stencil coating system for over existing broom finished and exposed aggregate or pebble driveways. Traditionally sprayed with a hopper gun. A variety of stencil patterns are available as well. Stencilshield product range includes: Slab Repair, Primer Plus, Covercoat w, Stencilshield Top/Base Coat, Stencilshield Fleck Coat, Stencil Patterns and Stencil Tape.

FLOORSHIELD

Very hard wearing single pack water based Polyurethane sealer for driveways, concrete, stamped concrete, stenciled concrete, timber floors, slate and sandstone. Available in clear or colours

Product List P4

NATURATEX RENDERS & TEXTURES

Trowel & Float Applied Polymer Renders

Alfresco Skimcoat	High quality, easy to use all acrylic render that is used to skim coat after joints are set on compressed cement sheeting. Traditionally applied by steel trowel. Available in: white or can be tinted as a base coat
Alfresco Fine Sand	High quality acrylic render used because of its unique fine finish. Traditionally applied over Alfresco Graincoat by steel trowel and at right timing finished with a plastic float. Available in: white or can be tinted
Alfresco Medium Sand	High quality acrylic render used because of its unique build qualities. Traditionally applied over Daudeat High Build or Alfresco Skimcoat by steel trowel and at right timing finished with a plastic float. Available in: white or can be tinted
Alfresco Graincoat	High quality acrylic render used because of its unique medium round particle finish. Traditionally applied by steel trowel and immediately finished with a plastic float. Available in: white or can be tinted
Alfresco Spray Finish	High quality acrylic render sprayed with texsprayer or hopper gun. Available in: tinted colours
Alfresco Scratch Effects	High quality 1.5mm scratch acrylic render. Traditionally by steel trowel and at right timing finished with a styrene float. Available in: white or can be tinted
ThermoTex	A heat reflective version of the above render finishes that really do reduce heat in your home walls.

Product List P5

NATURATEX RENDERS & TEXTURES

Acrylic Texture Coatings

Provencal Sand	Very user friendly pure acrylic fine textured wall coating, that can be nap rolled, texture rolled, hopper sprayed or cross hatch brushed. Available in: bases and can be tinted.
Provencal Suede	Very user friendly pure acrylic fine textured wall coating, that can be rolled or brushed and looks like suede. Available in: bases and can be tinted.
Provencal Coarse	Very user friendly pure acrylic fine textured wall coating, that is applied by lamb's wool mitt. Gives unique swirl finish. Available in: bases and can be tinted.
ThermoTex	A heat reflective version of the above textures finishes that really do reduce heat in your home walls.

Polymer Modified Cement Render- 20 kg bag

Daudeat	Good value, easy to use acrylic enhanced cement render. Traditionally troweled, High Build can be leveled with a screed then floated smooth. Uses include filling raked brickwork and impact coats to Polystyrene Wall Systems. Most common is High Build. Available in: Fine Sand- a fine finished cement render High Build – high build cement render

Product List P6

NATURATEX RENDERS & TEXTURES

Non -Textured Membrane Render Paints

Textureshield

A ten year guaranteed acrylic membrane paint for colour coating new or existing rendered finishes. Traditionally rolled but can be airless sprayed or brushed.
Available in: Low Sheen and various colours

Textureshield Thermo

A heat reflective version of the above finishes that really do reduce heat in your home walls.

Naturaprime

An acrylic general purpose primer with excellent adhesion properties. Naturaprime is designed to be applied to substrates before renders and textures are applied. When used on cement sheeting or tilt slabs and with the use of a slip reduction additive allows for easy application of renders to follow.
Applied by roller or brush.

Naturaseal

An acrylic general purpose sealer with excellent adhesion properties. Naturaseal is designed to be applied over renders and textures to protect them and make them easier to clean. Applied by roller, airless or brush.

Naturapatch

An acrylic patching compound suitable for joint filling. Naturapatch Coarse is typically used on cement sheeting joints and used with fibreglass reinforcing tape. If painted finishes are required rather than render finishes the Naturapatch Smooth can be coated over Naturapatch Coarse to produce a sandable finish.
Applied by wide spatula
Available in:
Smooth – Sand able smooth finish
Coarse – First fill to be set with fibreglass tape

Product List P7

ANTI-GRAFFITI COATINGS AND REMOVERS

GRAFFITISHIELD 2PAC

Graffitishield does not allow the graffiti to 'bite' into its surface, thus the graffiti is *easily* removed. Perfect for use as a non-sacrificial anti-graffiti coating. Very tough, very durable finish.

GRAFFITIFREE

Spray it on and watch it work. Safe, easy to use remover that works in 95% of cases.

WATERPROOFING MEMBRANES

WATERSHIELD C 2PAC

Very effective water proofing membrane particularly for flat concrete roofs. Usually incorporates poly cloth below.

Poly Cloth

A 2 metre wide x 50 metre long roll of poly cloth. Used with Watershield C2PAC or Watershield A

WATERSHIELD A

Very effective system for interior use such as in bathrooms.
Usually incorporates poly cloth above.

SEAL-A-POT

Unique, safe, non-toxic, water based sealer for Terracotta Pots.

LIQUID COLOUR DISPERSIONS AND BONDING LIQUIDS FOR CEMENT OR CONCRETE

CONCRE-BOND

Second generation pure acrylic bonding liquid or admix for cement. Out performs Bondcrete.

COLOURSHIELD

Predispersed colours for cement and concrete. No streaking or patchiness. Highly efficient colour incorporation.

Product List P8

ANTI –SLIP ADDITIVES

Anti-slip 1

A hard wearing anti-slip additive. Aluminum granules suitable for both water based and thinners based coatings. Used on commercial areas only. Spread over wet coat then over coated.

Anti-slip 2

An effective barely visible anti-slip additive consisting of wax beads that swell in thinners based acrylics. Anti-slip 2 meets the requirements of the Australian Standards. Can be added or spread and then over coated.

Anti-slip 3

A fine silica sand that is added or spread then over coated over driveway or footpath coatings to produce excellent anti-slip characteristics.

SHIELD COAT ALSO STOCK THE FULL RANGE OF THE FOLLOWING:

REGENT SKYLIGHTS, TUBELIGHTS AND EXTRACTODOMES

EDMONDS WHIRLYBIRDS AND SKYLIGHTS

PENETROL PRODUCTS

SHIELD COAT ALSO SELL: Wakaflex, Exintex, Exintex, ISO Board, Leafree.

WE ALSO SERVICE, REPAIR AND HIRE

AIRLESS MACHINES AND WATER BLASTERS.
